Opic Draw System Integration
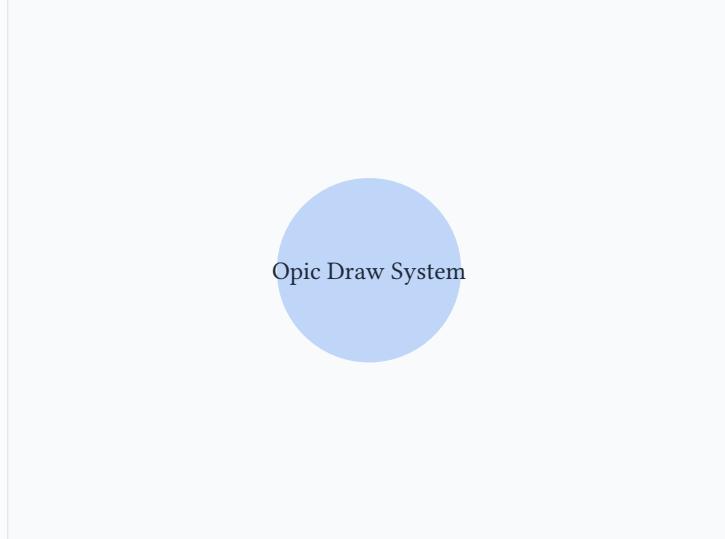

Opic's draw system generates 2D visualizations that can be embedded in Typst documents.

Canvas Visualization

Field Equations with Diagrams

Field Equation Exchange: Learning Energy Units computed from time, coherence, and validation v(8pt)

$$f(\Delta t, \Delta \Phi, \mathrm{proof\_of\_care}) = \sum_i w_i * (t_i + \Phi_i + v_i)$$

v(8pt) Where: tau = (t, Phi, v)

Tip: Diagrams can illustrate field dynamics visually.

Conclusion

The draw system enables rich 2D visualizations alongside mathematical equations and code.
